**BHASL017C20: NEW LIGHTING KNOWLEDGE AND SKILLS ASSESSMENT**

This is a special tool which is made available to lighting companies to enable them to assess potential employees before final appointment. The assessment is performed Online on our system. The duration is 90 minutes. The lighting company enrolls the potential employee simply by providing the applicants name and an e-mail address that the applicant will use to complete the assessment. On completion, I personally assess the online result and compile a report to provide to the lighting company so that they can make their final decision before appointing an applicant.

**Qualification:** None

**CPD Credits:** None

**Cost:** USD24/GBP20/EUR22/ZAR350
